WEIGHT 370 g/m²

PACKAGING

Individual pack

DESCRIPTION

The hoodie is made of high-quality warm cotton that ensures comfort and well-being throughout the working day. This garment can be worn alone in autumn or under a jacket in colder periods. The hoodie has a high-quality YKK full-length zip and two open side pockets. The attention to details such as the elastic ribbed cuffs, bottom and hood edge ensure an excellent fit. The presence of elbow reinforcements contributes to greater wear resistance. This garment is suitable for use in various sectors, from agriculture and industry to the service and logistics.

SIZES S - XXL
